

# IN MEMORY AND TRIBUTE FUNDS

As an alternative to setting up a new charitable trust through the Charity Commission, a named fund can be established with Northamptonshire Community Foundation whereby funds are raised for the cause and an agreement is established with the family as to how funds should be spent and the type of charity and community groups that they wish to benefit.

By doing this, the monies raised can be paid into the Northamptonshire Community Foundation named fund and will be tax efficient, as Gift Aid can be claimed as appropriate.

This is a low cost solution for a family and can be set up immediately, without any need to register as a charity, select trustees (with all the statutory obligations that carries) at what might be a very difficult and emotional time for those involved.

## Always a Chance Grantmaking Fund

Always a Chance was set up in memory of the late James Kouzaris and James Cooper, who were tragically murdered in Florida in 2011.

Originally set up as an independent charity, the Community Foundation took over the administration and management of Always A Chance 2013.

The purpose of the fund is to help victims of violent crime and also support projects which steer young people from breaking the law.

**By setting up a named fund with the Foundation we've been able to leave a lasting legacy which will go on to help people in Northamptonshire for years to come.**
